

8 October 1971

MEMORANDUM FOR: Director of Training

SUBJECT : Weekly Report of School of Intelligence and
World Affairs No. 40, 1 - 8 October 1971

COURSE ACTIVITIES

1. Midcareer Course

Phase II of the Midcareer Course began on 4 October at [] 25X1A6a
with presentations by Messrs. [] and Maury. An
informal evening session followed, during which the three speakers
fielded questions about problems--past, present and future--facing the
Intelligence Community.

Both the DDI and the DDP participated in this week's program.
The staff felt that Mr. Karamessines' presentation was among the finest
he has made in recent runnings of the Midcareer Course.

Charles A. Meyer, Assistant Secretary of State for Inter-American
Affairs, has accepted our invitation to speak in Headquarters on the
final day of the course, 5 November.

2. Intelligence and World Affairs

The students in the IWA (Intelligence and World Affairs) course
continue to show a positive and stimulating attitude toward the course
as demonstrated in lecture and discussions. This has been evident
both in the sections dealing with CIA and its functions and those dealing
with substantive matters.

3. USSR Country Survey

Low registration and the pressure of other course commitments
led to our postponement of the 2 week USSR Country Survey from the
scheduled date (12-22 October) to a later one (29 November-10 December).
There were no problems with the registrants.

[redacted], Training Officer of NPIC,
[redacted] IAS Training Officer, and [redacted] IAS
Personnel Officer, on Thursday morning regarding an after-hours
Geography of Communist China course that both components have

such a course. We plan to give the course from 9 November to
21 December on Tuesdays and Thursdays, probably from 1530 to 1800.
Messrs. [redacted] indicated that enrollment for this course
might run as high as 30. This course may draw some enrollees away
from our regular course beginning 1 November at C of C Bldg.

5. Orientation for Overseas

The Office of Communications sent an observer to our OO which
ran on 6 and 7 October to compare the OO curriculum with the one-
week SWOOP which OC puts on twice a year [redacted] for outbound em-
ployees and wives. The observer, [redacted] that
OC would like to use the OO for personnel who cannot be scheduled for
a SWOOP class, for example, occasional Headquarters staffers.

The only other DDS component which has not made use of the OO
is the Office of Logistics. Marc discussed the revised OO a year ago
with OL's Training Officer, [redacted] and C/Pers [redacted]
both of whom said the OO did not appear to duplicate in-house briefings
for departees. They further stated that the CS component training
officers were enrolling OL employees and wives in the OO, but Marc
reports that none have appeared in his classes to date.

2. Agency Slot for USIA's International Communication Course

25X1A9a

USIA's offer of a free slot in the 18 October class in its International Communication Course has surfaced definite interest in OTR and the CA Staff, but [redacted] survey of the prospects for a candidate for this running has had negative results. At C/OS' suggestion, Marc met with the DC/CA [redacted] on 8 October for the purpose of filling him in on USIA's offer of a free slot in the class. He went into the subject in some depth with Marc and agreed that this course does have special significance for CA-type tasks.

25X1A9a

At [redacted] request, Marc has determined that the next offering of the USIA course comes along in mid-March 1972 and will report this to him. At the same time, Marc advised the course chairman, Dr. Frank [redacted], that CIA probably would not be able to take advantage of his offer for the 18 October class. [redacted] said he was confident that the offer would be renewed for the following class.
